

E. W. KEYES TO GET MADISON OFFICE

WILL BE THE NEXT POSTMASTER AT CAPITAL.

Was Strongly Endorsed By the Business Men of Madison—Recommendation Filed By Senator Spooner—Governor Scofield Names the Regents of the State University.

Madison, Feb. 8.—A dispatch from Washington announces that Senator Spooner yesterday filed a recommendation that Judge E. W. Keyes be appointed as postmaster at Madison.

The term of Postmaster Conklin expired yesterday. This is the only postoffice recommendation that falls to the lot of Senator Spooner to make, it following under the rule of the department which provides for senators making choice of postmasters in their home cities.

In the beginning of the contest at Madison, there were three candidates: Judge Keyes, Senator Welton and S. L. Sheldon. Recently Senator Welton withdrew and united in the endorsement of Judge Keyes. Mr. Sheldon was strongly endorsed.

Among those who asked for the appointment of Judge Keyes were the members of the State Supreme court, except the late Justice Newman and also W. S. Main, John A. Johnson, E. E. Bryant, Prof. B. B. Anderson, L. J. Erdall, C. E. Whelan, C. E. Parish, L. S. Hanks, L. D. Frost and a large number of business men and republicans.

The Opposition to Keyes.

The opposition to Judge Keyes' appointment was made up of the friends of Mr. La Follette, who complained of the attitude of Judge Keyes toward the ex-congressman during his term in congress.

There was also some opposition expressed by the leaders of the university people in the city who said they had a grievance against Judge Keyes, growing out of his service as member of the board of regents of that institution years ago.

On the other hand a large number of the personal friends of Senator Spooner were urgent in asking for the appointment of Judge Keyes.

Washington, Feb. 8.—Representative Davis on yesterday recommended the appointment of Ole Olson to be postmaster at Oshkosh. Sever Horgen was appointed postmaster at Irma, Lincoln county, to succeed C. C. Munro, removed; Albert Tarnutzer at Prairie du Sac, Sauk county, to succeed H. V. Page, removed, and Erick C. Bratlie, at Westby, Vernon county, vice M. B. Davidson, removed.

MR. VILAS A UNIVERSITY REGENT
Governor Scofield Appoints the Ex-Senator—Other Appointments Announced.

Madison, Wis., Feb. 8.—Governor Scofield yesterday afternoon announced a number of appointments on the state board of normal school regents.

On the board of university regents ex-Senator William F. Vilas is appointed as regent-at-large to succeed H. W. Ohynoweth of Madison; J. E. Morgan of Spring Green is appointed regent for the Third district to succeed W. A. Jones, who is now United States Indian commissioner, and resides at Washington; Frank Chafferson of Oshkosh, is reappointed, and so is Orlando Clark of Appleton, representing the Eighth district.

The governor has named Z. T. Beach of Whitewater, to succeed E. D. Coe, who now holds a federal position, and has reappointed William A. Brown of Marinette.

Steel Plant to be Reopened.

West Superior, Wis., Feb. 8.—The West Superior iron and steel plant was sold at noon to George Welwood Murray of New York, who bid the property in for the reorganization company, paying \$60,000. The bonds held by the Central Trust company amounted to \$1,630,000. The property, which is idle, will be turned over to the Wisconsin Steel company, which may operate it after the legal clouds are cleared away. The works cost nearly \$2,000,000 and were built by Francis Henry Weeks of New York. They were operated only a few months.

WISCONSIN MARRIAGE LAWS

Milwaukee Minister Claims They Are Superior to Other States.

Milwaukee, Wis., Feb. 8.—Rev. Walter D. Cole defended the Wisconsin marriage laws at a secret meeting of the Methodist Ministers' association yesterday. Mr. Cole had been requested to look up the laws in various states relative to marriage. This was done because of the severe criticisms which Bishop Nicholson and others have passed on the ministers who do a wholesale marrying business here.

Mr. Cole said he had examined the laws of Illinois, Iowa, Minnesota and Michigan and that the Wisconsin law is superior to any of them. All of the other states require that all persons intending to get married must secure a license before the ceremony can be performed. The license clerk is the person who is authorized to question them as to their eligibility to enter into the contract. He claimed that this is a serious defect.

JUDGE NOT SCARED BY THREAT TO KILL

SENSATIONAL DAY AT MARTIN'S TRIAL.

Anonymous Letter Writer Denounced From the Bench As a Coward and a Scoundrel—Several More Witnesses Swear That the Slaughter Was Unwarranted.

Wilkesbarre, Pa., Feb. 8.—[Special]—This has been a lively day at the trial of Sheriff Martin. The life of Judge Woodward, before whom the deputies who shot nineteen strikers at Lattimer last fall, are being tried, was threatened in an anonymous letter, which was received this morning. When Judge Woodward opened court this morning, he denounced the writer of the letter as a scoundrel and a coward.

Several witnesses were examined today. They bore out the statement of others who have already testified that the strikers made no hostile demonstration before the shots were fired. They all claimed that the slaughter was unwarranted.

The attendance at the trial is large, and the feeling of the people runs high.

UNIFORM GAME LAWS

Wardens and Lawyers From Several States Gather In Chicago.

Chicago, Feb. 8.—Game wardens, legislators, lawyers and others interested in the preservation of game are in convention here to consider uniform laws in the connecting states of the northwest. The convention is the first of the kind ever held and the idea originated in the Wisconsin legislature last winter.

The result of this convention will be reported to the legislature of the states represented and efforts made to pass laws in accordance with the convention's findings.

Seining in the great lakes will be one of the principal subjects discussed. Many of the delegates favor absolute prohibition of all game shooting in the spring and summer, and the breeding season, and it is probable that recommendation of this nature will be made. Delegates are present from Wisconsin, Michigan, Minnesota, Iowa and Indiana.

MILTON JUNCTION GOSSIP.

Near Notes of Interest from the "Crossing Villages."

THE GAZETTE AGENCY, Mrs. E. D. COON, Manager, Milton Junction, Feb. 8, 1898.

Dr. E. S. Hall was on the sick list for a couple of days this week. Miss Louise Spaulding is very low. It is thought she can live but a short time.

E. D. Coon started for Walworth with horse and cutter, Sunday morning.

Mrs. Miller of Milton has quite a large class in pastel painting which meets with Mrs. Miner in this place.

Dr. Tinkner returned from his trip to Ill. last Friday. Teuman Loomis has traded all of his property here consisting of three houses and lots for a farm near Crab Orchard, Ill. The farm includes something over two hundred acres. The Albee boys will work the farm for Mr. Loomis. Claude Albee has already gone there, the rest of the family go this week. The gentleman Mr. Loomis traded with is father of Raymond Tolbert who attends school at Milton college.

George Coon is confined to his bed with quinsy. The young people of the Christian Endeavor society of the Seventh Day Baptist church are preparing to give "Paul Before King Agrippas," in the near future. Mrs. Cottrell will arrange the music for the evening.

Mr. Sprague, Jr., who was recently married, is moving into part of Mrs. Lasher's house. Mrs. Mitchell is quite sick. Mrs. Johnson, mother of Mrs. Capman, is considered very sick.

Rev. George Burdick and Dr. A. S. Mazon went to Madison, to a temperance meeting one day last week. Samuel Garthwaite has moved his family into the Riley house, on Golden Lane. The Good Templars will soon give a banquet.

AN OLD MAN DIES AT PORTER

Passed Away at the Home of Michael Beggs—Other Notes

Porter, Wis., Feb. 8.—An old man who has made his home with Michael Beggs for a number of years, died last Friday of pneumonia. He had no relatives in this part of the county. A very pleasant dinner party was given by Mr. and Mrs. Will Mosher at their home on Tuesday evening of last week. Mrs. Bernie Farrington has been spending a few weeks at the home of her parents, near Edgerton. Maurice Johnson and family, who have lived on the Will Nichols farm the past year, moved to Edgerton the first of last week. The male population of this vicinity are kept busy these days keeping the roads in a passable condition. As it is, some of the roads are a discredit to the town. Ole Severson has leased Will Nichols' house and tobacco land for the ensuing year. J. W. Wall, of Union, purchased forty acres of land of Mr. Stevens, last week. D. Pound has his auction sale billed for the middle of this month. Two insurance agents for the New York Life were through here the first of the week and insured a number of our people. Dan O'Brien of Janesville was through here the first of the week, buying stock. N. A. Pound has got some fine hay for sale cheap. H. Johnson is now living in Janesville.

NORTH JOHNSTOWN WOMAN DIES

Mrs. Alfred Pitt Passes Away—The Medal Contests Held.

North Johnstown, Feb. 8.—Mrs. Alfred Pitt, whose illness was mentioned in last week's paper, died Tuesday morning after an illness of five days of measles and lung trouble. She seemed from the first possessed with the consciousness that she would not recover and calmly made arrangements for her funeral and other matters. Her twin sister, Mrs. Dr. Bagley, died at Milton under similar circumstances a few years ago. She leaves a husband and four children, the youngest a babe of five months, to mourn her loss. Funeral services were held at the house Friday, conducted, at her request, by Rev. W. T. Miller of Milton. Mrs. P. Brotherton is not very well. Mrs. O. N. Stevens has been suffering with a lame back for a week past. At the medal contest at Lira Center Saturday evening a fine program was presented. The male quartet furnished excellent music. Miss Edith Palmer delighted the audience by reciting in a very pleasing manner "The Lichs," and to an enthusiastic encore she responded with "The Royal Bumper Degree" which convulsed the audience with laughter. The medal was awarded to Miss Florence Aymer. A part of the contesting class were unable to be present on account of sickness and bad roads and there is talk of repeating the contest at Uters Corners in about a month. People are manifesting great interest in these contests and the marked improvement of the contestants is worth much more than all the medals that have been awarded. We confess it is a little trying to the jockey when the typesetter by a mistake of one or two words will change the whole meaning of a sentence as was the case in our item last week in regard to the medal contest at Johnstown Center, when it made us say the contestants with one exception did themselves great credit, when it should have been without an exception. The farmers had a hard time last week to keep the roads in a passable condition. The high winds piled the snow in huge drifts, making the use of the shovel necessary in many places. Several of the neighbors of Mr. and Mrs. C. B. Palmer gave them a surprise and served an oyster supper at their home Friday evening. Fred Goodger of Richmond and Lillie Aymer of Milton, were guests at Thomas Goodgers' Saturday night and Sunday. The W. C. T. U. meeting which was postponed last week on account of bad roads will be held with Mrs. Aldrich, Thursday afternoon of next week.

THE WEEK'S NEWS AT SHUPIERE

Rev. J. B. Noyes Plans a Series of Lectures—Other Events.

Shopiere, Feb. 8.—Rev. J. B. Noyes will give a series of lectures at the Methodist church soon. He gave one of his lectures in the M. E. church in Janesville last Friday evening, to a full house. The entertainment and supper was postponed, last Wednesday evening, on account of bad roads, but will be held some time in the future. There are a great many sick in the neighborhood. Wesley Shimeall of Chicago, visited this place last week. A number of Mrs. D. Q. Stark's friends and relatives had a sociable time at her home, last Friday evening. James Haggart had his music box there, and gave the party some fine music. Mr. Atkinson had about twenty chickens stolen, last Saturday. Mrs. Hawley has been very sick for a week, and is not much improved at present. The comedy company gave their first concert at the hall on Tuesday night last to a full house. The people were well pleased and wanted the company to give another in the same hall soon. The roads have been almost impassable for the past week. Joseph Weirick and Ed Brannard are buying fat cattle and hogs and selling the same by the quarter. Fred Ledka spent Sunday in Janesville. He must have a girl up there. Rev. J. B. Noyes will give one of his popular lectures at Pleasant Prairie on Thursday evening, Feb. 10. Bert Sweet is improving slowly and it will be some time before he is able to do much work. Mrs. Humphrey was on the sick list the past week and is getting better. Some farmers have sold their tobacco while others are holding for better prices.

COMMON COUNCIL REVOKES HIS LICENSE

Police Said His Place Was Not Well Conducted—The Court Record Shown—Made No Defense—Vote Was Unanimous—Other Matters Passed Upon Last Night.

At the regular meeting of the common council held last night, the aldermen:

Revoked Alex. McEllan's saloon license because of violations of the city ordinances. Ordered a new ordinance drawn up with reference to cleaning snow from the sidewalks. Accepted a street as a public highway, paid bills, refunded illegal taxes, etc.

McEllan did not appear to defend himself. Chief of Police Hogan was sworn and said that McEllan's place was not well conducted. He told of the way in which it was run; of the arrangement of "stalls" above the saloon, and said that women came and went at unreasonable hours, etc. Officer Appleby was also sworn and corroborated chief Hogan. E. V. Whiton, clerk of the municipal court, testified that McEllan had twice pleaded guilty to the charge of violating the city ordinance and had been fined \$50 in both cases.

The vote to revoke the license was unanimous, the order being introduced by Chairman Stoddard of the license committee.

Routine Business Done.

The report of the city treasurer and the municipal judge was received, referred and filed.

A communication from A. L. Bemis regarding his taxes was referred to the finance committee and further time was granted.

The claims of Mrs. D. B. Whetstone of Beloit, for personal injury, was laid on the table.

A number of bills were ordered paid. Frank Knipschield's claim for \$159 for illegal taxes was allowed. An order was ordered drawn paying \$39.14 to the county on the legal share due the county of the license money of the Janesville Electrical company and the Janesville Street Railway company. G. G. Sutherland, trustee of the Ward Witham estate, presented a communication to the effect that the property of the estate had been twice assessed, through an error, and asked the refund of \$118.89. The matter was referred to the finance committee to be reported upon at the next meeting.

A new ordinance regarding the clearing of snow from the sidewalks was ordered drawn, and will come up at the next council meeting. The new ordinance, if City Attorney McElroy find the charter will allow, will provide for the clearing of the walks at public expense, the same to be charged to the property. Blaine Ave., in Scofield's addition, in the Second ward was accepted as a public highway.

FANNY RICE IS COMING

Will Be Seen at the Myers Grand on Friday Evening Next.

Perhaps the daintiest, and certainly the funniest actress on the American stage is "Fanny Rice," says the Southern Exchange. There is something about her that is hard to define in cold print, which seems to warm the hearts of everyone who sees her, toward her. This is particularly so with ladies and children. With that woman's intuition which surpasses the cold judgment of men, they seem to know the fact that she is like one of themselves—good and pure. Her fun is spontaneous, and she makes people laugh sometimes without their knowing why. She is presenting an intensely funny operatic comedy this season called "The French Ball." It gives her the widest possible scope for the display of her great versatility and peculiar talents. The play is a distinct novelty in its construction, quite unlike anything that has so far been seen. It unites all the elements of French activity with German purity and motive, combined with the American snap and go. While it is extremely funny, it is never coarse. Miss Rice will be seen here in "At the French Ball" on Friday, Feb. 11, at the Myers Grand. Her supporting company is an exceptionally strong one.

Gossip From Fairfield.

Fairfield, Feb. 8.—Mr. Clarence Wedge has been spending a few days with his uncle, A. D. Clark. Mr. Wedge is a prominent nurseryman of Albert Lea, Minn. Terribly Afflicted

Little Girl Could Hardly Breathe Owing to Catarrh

Hood's Sarsaparilla Cured Her and Her Worn Out Mother.

"My little girl was terribly afflicted with catarrh and she could hardly breathe at night. She took many different medicines without benefit and we became almost discouraged. One day I read an advertisement of Hood's Sarsaparilla and concluded to try it. She began taking it and was soon relieved. I believe she is now permanently cured, as she has not been troubled with catarrh for some time. I was run down in health myself and suffered constantly with backache, and felt all worn out. I thought Hood's Sarsaparilla might help me and I began taking it and it has cured me. I have not had any return of the lameness in my back or tired feeling." MRS. A. H. ALLMAN, Medford, Wisconsin. ARCHITECTURAL DESIGNS

COUNTRY STORE PLANS.

Provided With Living Apartments and is Cozy and Comfortable.

[Copyright, 1897, by George Palliser, 32 Park place, New York.]

In the villages and country towns of all business sections there is great need of good, comfortable combined business and living houses, and the design here shown illustrates what one man has done for

PERSPECTIVE VIEW.

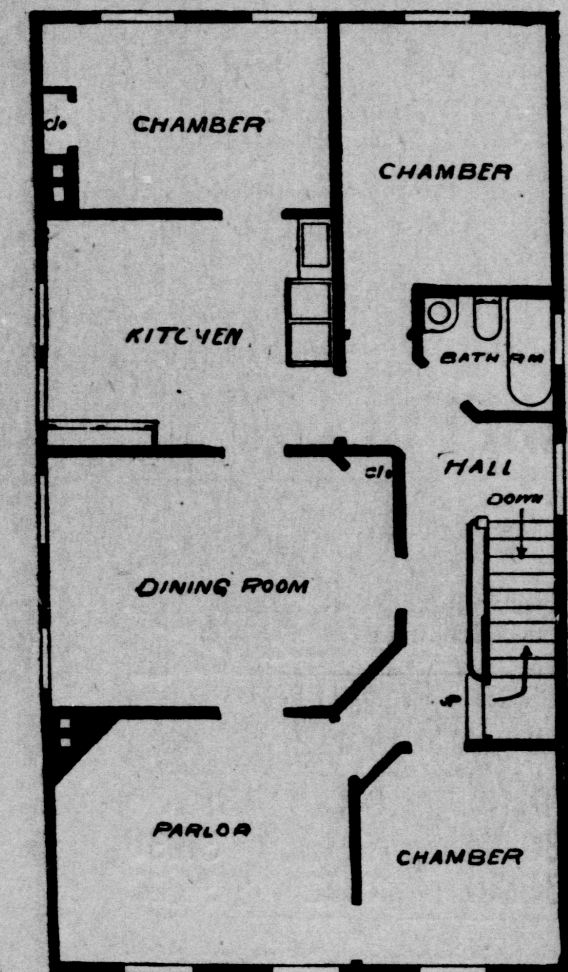

himself in that particular line. The majority of structures of this class are built without the services of an architect. The builder and owner put their heads together and do the best they can, generally taking some other building as a standard, but changing it to suit the one in hand. Sometimes very good results are obtained, although the reverse is often the case.

It is always best to get an architect to work out a plan and bring the matter into practical shape. This saves time and money and insures economical construction.

FIRST FLOOR PLAN.

tion. By properly developed plans and specifications the owner sees just what he is to get before he gets it. This enables him to pass upon it, to criticize and change it, and thus get it to a point where the most practical ends are subserved before he expends a cent. Everything that leads to success in building operations must be planned from the start, and, once begun right, there can be no failure. And the small things to the small man are just as

SECOND FLOOR PLAN.

important as the large ones are to the capitalist. Small beginnings always pave the way to the best in all cases.

This building is 23 feet 42 inches deep, 10 foot story in store and 9 feet on the second floor, with three nicely finished rooms in the attic. A stone cellar and a cemented floor give ample storage for both store and dwelling. The cost of such a building is about \$2,700. The store is one that can be put to any use, being well lighted and having plate glass in front.

Making a Lawn.

In making a lawn the modus operandi is simple enough, but unless it is to be sodd it is not to be expected that it will be perfect the first season. The first steps are in getting the ground in proper condition. By this is meant the smoothing of the surface and the establishment of the proper grades, which are for the double purpose of appearance and drainage.

Before the grass is well rooted, whether it be from seeding or sodding, see that the trees are where you want them; that they are provided with the necessary breathing surface, both of ground and air space, and after the ground is well covered with the grass a good lawn mower will secure that velvety face which adds so much to the beauty and permanent value of the home so surrounded.—American Homes.

Make Contracts Explicit.

If you want good, honest work, let the contract be clear and explicit—not for the purpose of enforcing honesty upon the builder, but that there may be no possi-

GAME IS IN OUR HANDS.

United States an Important Factor in Eastern Situation.

Washington, Feb. 8.—The United States is more of a factor in a game of international politics which is now in progress over affairs in the east than is generally understood.

"All the great European powers are seeking to ascertain the attitude of this country on the great eastern problem, and until that is known there will be no move on the international chess board. Your country thus has a commanding position in the big fight that is going on, and by a shrewd diplomacy ought to be able to obtain almost any concessions in the east that are desired."

The foregoing declarations were made by one of the oldest members of the diplomatic corps in Washington, a man whose country occupies a neutral position in regard to the eastern question, during the course of an extended interview on the general situation, as he views it, through unbiased spectacles.

"There can be no doubt," this diplomatist continued, "that the great European powers are planning for further acquisitions of territory in the east. How much further they will go depends in a large measure upon the position of this country."

"It is a contest on one hand between Russia, Germany and France to secure a distinct declaration that the United States will not concern itself about the opening up of any more new ports by foreign countries, and Great Britain and Japan, on the other hand, to protest against a policy which will give any nation or group of nations superior rights in any Chinese ports."

"The head and center of the fight is just at present right here in Washington and it will become even more exciting upon the arrival of the new Russian ambassador. Until his action you need not look for any new move by Russia in the east. Her ambassador will come here prepared to explain in detail the exact state of affairs in China, and with instructions not only to sound the United States on its position in the matter, but to make advances looking to an understanding which will give this country almost anything that may be desired in a commercial way in return for its moral support in favor of the schemes of those countries which have arrayed themselves against Great Britain and Japan in the Orient."

To Preserve Battlefields.

Richmond, Va., Feb. 8.—A bill has been introduced in both houses of the legislature to incorporate a memorial park association to care for the Fredericksburg and adjacent battlefields.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 16 and 25c.

HEIMSTREET'S

PATENT MEDICINES.

Some people think we know all about patent medicines, but we don't. We don't know as much about them as you do. Still they are a very important part in the business of any druggist.

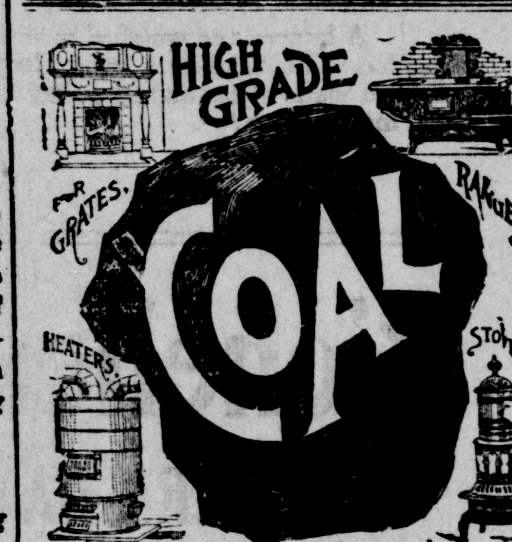

We buy them and sell them. We don't even see the bottle, which is, of course, wrapped securely so others, but purchaser cannot, (if they cared to,) meddle with the contents. We are often asked if this preparation or that one, is reliable. Of course we don't know. If you have read the advertisement you certainly know as much about them as we could learn if we read them. We don't have time. There is only one answer we can give you when you ask us which is the best. The one which sells the best seems at times to be the best medicine. Then if any one customer comes to us for more than one bottle of the same preparation, and we happen to know any of the facts concerning the case, we will gladly give you any desired information.

Remember, we keep in stock all Patent or Proprietary medicines and should you ask us for some article which has not come to our view, we will gladly procure the same for you promptly at the popular city price.

If you wish pure goods of this class, we have the Wisconsin Pharmacal Company's goods.

They make a Sarsaparilla, Cough Medicine, Extract Ginger, Ointment, etc., and we will personally guarantee every bottle at

"THE LIGHT OF THE WORLD

OR OUR SAVIOUR IN ART"

Cost over \$100,000 to publish. Contains nearly 200 full-page engravings of our Saviour, by the great masters. Every picture is reproduced from some famous painting. Agents are taking from three to twenty orders per day. The book is so beautiful that when people see it they want it. The Hermitage, Prado, Uffizi, First Louvre, Vatican National of London, National of Berlin, Belvedere and other celebrated European galleries have placed their greatest and rarest treasures at our disposal that they might be engraved for this superb work. "FIRST GLANCE AT THE PICTURES BROUGHT YEARS TO MY EYES," says one. "I cleared \$150 first week's work with the book," says another. "Some high grade man or woman should secure the agency here at once," says every editor, "as \$200 can be made in a taking order for it." Nearly \$10,000 expended on new plates for edition coming from press. Also a man or woman of good church standing can secure position of Manager and Correspondent of this territory, to devote all his time to employing and drilling agents and corresponding with them. THIS DAY IN HISTORY

1725—Peter the Great, Russian reformer and ideal monarch, died; born 1672. Peter I of Russia founded St. Petersburg in 1703. He established the army and navy on a basis with the best in Europe and served himself in the ranks on land and sea. In order to learn customs he traveled in disguise through various countries. The senate conferred upon him the title "Peter the Great, Emperor of All the Russias and Father of His Country."
1820—William Tecumseh Sherman, soldier, born in Lancaster, O.; died 1890.
1877—Admiral Charles Wilkes of steamer Trent and San Jacinto fame died in Washington; born 1798. The Trent affair formed one of the most exciting international episodes of the war.
1894—Colonel John R. Baylor, a noted Texan pioneer and Indian fighter, also an officer of the Confederate states, died near San Antonio; born 1822.

Edith—Well?
Ethel—Well, I don't know whether he means himself, or whether he is thinking of buying me a dog!—Tit-Bits.

WOODMEN VISIT EDGERTON

Janesville Delegation Was Royally Entertained at the Tobacco Town.

The Modern Woodmen of America, some sixty strong, went to Edgerton, last night, with their officers, and Foresters, to show the Edgerton camp how to give a candidate for adoption a degree in woodcraft. The Foresters who helped initiate the candidates were:

Chief Forester, George Rathzen, Oscar Mabie, Horace Hannum, Adam Apfel, John Hill, William Berger, Robert Krahmer, Forte Gibson, William Wright, William Lohman, John Miller, John Cline.

The Neighbors who attended were:

C. E. Brown, Frank Parker, Majorie Carron, Frank P. Williams, P. S. Fenton, C. H. Kueck, Charles Eller, H. G. Arnold, James Gibson, August Bogardus, William Noonan, Charles Ward, John Clyde, A. H. Linnemann, George A. Warren, Matthew Johnson, F. E. Richter, Oliver Richards, T. H. Christman, Oscar Mabie, Harry Marsden, Henry Heltz, Adam Apfel, C. H. Belding, C. E. Brown, William Berger, Horace Hannum, Wm. Krahmer, B. DeForest, Chauncey Smith, A. R. Belkness, F. J. Hutchins, W. H. Ashcraft, C. H. Brooks, Charles Schultz, A. Austin, Henry Blunk, Thomas Donnelly, Michael Birmingham, James Harper, George Palmer, George Rathzen, F. M. Dewey, E. B. Hilton, Robert Kramer, L. L. Blitton, Theodore Miller, George Bentschler, H. B. Walker, Frank Vosburg, Wm. Wright, Grant Noyes, George Schaller, George Slater, Sth Apfel, A. J. Dayton, Robert Hockett.

At 11 o'clock the visitors were given supper. Too much cannot be said of how royally the Edgerton men treated the Janesville delegates. After supper, most of the members called upon Bert Carr, formerly of Janesville, who now runs the Hotel Carlton. At 1 o'clock this morning a very happy crowd found their way to the depot, and three cheers were given for Edgerton, as they left.

GRAND
SPECIAL
OFFER

BY
SAN-

Friday and Saturday
OF THIS WEEK

To Introduce

Perfection
Baking Powder

The purest of all articles, we will sell it for the two days at

25 cents per pound can.

Regular price is 35c can. The offer is for two days only, no longer. We have shown you in our space several times the chemical analysis of Perfection Baking Powder, and of its high test over the other two best known Powders on the market. We have not published this analysis for fun or to merely fill up space, It has been done to show the real value of Perfection over others. That Perfection Baking Powder is the purest and best made is a universal fact, and we know that you will decide in favor of it if you try it. Take advantage of the special offer for Friday and Saturday. 25c a can these two days only.

READ THE ANALYSIS AGAIN CAREFULLY.

Laboratory of the Health Department.
OSCAR DE WOLF, Commissioner of Health.

DEAR SIR—I have made a very careful and elaborate chemical analysis of twenty-seven Baking Powders received from the hands of Mr. Merki, your clerk, and have the honor to report the following table of figures:

	Soluble Ash.	Insoluble Ash.	Total Ash.
S. W. & Co.'s Perfection.....	39.00	0.06	39.06
Widely Advertised Baking Powder No. 1.....	36.18	0.12	36.30
Widely Advertised Baking Powder No. 2.....	36.10	0.12	36.22

A known and weighed quantity of Baking Powder was incinerated in a silver crucible until only a gray residue was left. This is the total ash. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in that menstruum has been called soluble ash, and that which did not, insoluble ash.

I have the honor to be, sir

Yours Very Respectfully

SLOT MACHINES MUST GO
Chief Hogan Says They Must Be Sent Away
This Week.

"Those nicker-in-the-slot machines must be sent out of town this week," said Chief of Police Hogan last evening, "for when they were put in here I notified those interested that at the first complaint made against them they would have to be moved."

One of the machines that is now in the city is said to have netted the owners a clear \$25 in one day. At one place twelve young men stood in line each with a dollar's worth of nickels with which to tempt dame fortune.

Do not fail to attend the Early Settlers banquet at Y. M. C. A. rooms, Feb. 15, 1898. 25 cents pays for the supper and entertainment.

A FOUR-HORSE carryall containing twelve young people left for Beloit last night, where the party were the guests of Rev. Brown's family of that city. The party went down on the "prairie road" which was in a very bad condition. About halfway there the sleigh was turned over but nobody was hurt.

OUR timely advice to purchase of wheat at this morning's opening netted followers on the day 1/2 cents per bushel. We still advise purchase on any slight set back. Our early morning information tomorrow will start you right on the day. Wm. C. Orolins, Janesville Board of Trade, 8 Lappin Block, Telephone 166.

Mr. and Mrs. J. J. Kendall celebrated their twenty-fifth wedding anniversary as their home last night. Supper was served at 7 o'clock. Clinch followed, Miss Ida Doty and City Treasurer James Fathers being awarded the honors. Mr. and Mrs. Kendall received many valuable presents as souvenirs of the happy occasion.

A NEW long distance telephone circuit has been opened through Iowa and to Cedar Falls a main branch of the line has just been completed. Ex-Mayor William Graham, a former well known Janesville man, and the son of the late Alexander Graham, called up Janesville friends yesterday just to demonstrate the workings of the line. Every sound could be distinctly heard.

MRS. WHEELOCK DIES AT RIPE OLD AGE

THE END CAME EARLY THIS MORNING.

Was the Only Surviving Daughter of the Revolution in this City, and Directly Connected With the Revolution, The War of 1812, and the Rebellion.

Mrs. Aurilla Wheelock died this morning at 1:20 o'clock at the residence of Mr. and Mrs. John J. Comstock. Mrs. Wheelock was born in Lima, New York, October 10th, 1805, and was therefore past 92 years of age. She was the last surviving one of a family of thirteen children, twelve of whom survived to have "families of their own." Her father, Warren Hull, was a soldier in the Revolutionary war, and she is believed to have been at the time of her death the only surviving daughter of the Revolution residing in this city. Residing only ten miles from Buffalo at the time of the capture and burning of that place, she herself carried the news to the children of her school district.

She was married to R. U. Wheelock at Lancaster, N. Y., in 1831, by whom she had four children, Elvira, Cyrus, Byron and Laura, two of whom survive, Cyrus Wheelock, of Milwaukee, Wis., and Mrs. Laura Comstock, wife of ex-Sheriff Comstock of this city. In 1856 the family removed to Fredonia, N. Y. for the purpose of educating the children, from which place they removed to this city in 1865, where her husband, R. U. Wheelock died in 1872. Mrs. Wheelock has resided with her daughter, Mrs. Comstock, since 1886.

A Woman of the Century

Mrs. Wheelock was one of the remarkable women of this century. Her own life had extended nearly the entire century. She being a woman of great intelligence, had gathered during that time a store of knowledge possessed by few. She was a patriot by inheritance and instinct; she was directly connected with her country's three great wars, the Revolution, the war of 1812, and the war of the Rebellion; in the last war her son Cyrus distinguished himself as a lieutenant in one of the cavalry regiments of New York state and was wounded in one of the battles near the Potomac. She was a reader and student up to the time of her last sickness. She was familiar with the history of the world, ancient and modern; she kept herself abreast of all the changes and improvements in her own country, and upon her death bed referred to the great engineering scheme, and inquired as to their probable result to the nation. Her mind was clear and her memory good, up to within a very few days of her death.

Had Been Sick Two Weeks.

She had been sick about two weeks, at the time of her death, her affection being in the nature of a gripe. Four years ago she passed through a severe stage of the same malady, apparently entirely regaining her health and strength, and while the last attack was not particularly severe, it combined with extreme old age, carried her peacefully away without pain or suffering at the last.

The funeral services will be held at the home of ex-Sheriff Comstock, 111 South Jackson street, at 2 o'clock tomorrow afternoon, the Rev. Robert C. Denison of the Congregational church, officiating.

Louis Johnson.

Louis Johnson passed away at 2 o'clock at his home in the town of Janesville, on the old Anderson farm, four miles north of the city. Mr. Johnson and a friend by name of Wright were living together and working in tobacco. A week ago last Sunday night Mr. Johnson was taken with a severe chill, and continued to grow worse and death finally came to his relief. He was twenty-six years of age unmarried. His parents formerly resided here, but about a year ago they returned to Norway. He was highly spoken of by all who knew him. He leaves two brothers, John P. Johnson and Charles E. Johnson, of this city, and a father and mother, Mr. and Mrs. Ole Johnson of Norway.

MORE LEAF BUYERS COME

Two Eastern Men Now in the Local Market—Prospects Good

H. Landenberg and J. Lichtenstein, two prominent buyers from New York state arrived in the city today and made a call on several of the local leaf tobacco dealers. On account of the prominence of these dealers their presence caused quite a commotion among the local dealers. During the past few days several Chicago and eastern buyers have been in the local market. The majority of the local dealers are now buying and the outlook for a brisk trade was never brighter.

NOTICE SERVED ON M'LELLAN

He is Officially Notified That His License Has Been Revoked.

City Clerk Badger served official notice on Alexander McLellan this morning, of the annulment of his license.

"I don't know just what step I will take in the matter," said Mr. McLellan this morning. "I was over to see my lawyer, W. G. Wheeler, but he being out of the city, I will let the matter rest until he returns."

The matter of a guardian for J. H. Myers was adjudged by Judge Sale, today, until Thursday.

This is the regular meeting night for the Union Catholic League.

HOT TIME NEAR BELOIT LIKE OUR SCHOOL

Resident of an "Over-The-Line" Resort Abuses His Wife Until Neighbors Interfere.

Beloit, Feb. 8.—Residents of "Tullyville," just across the line, were thrown into a state of the wildest excitement over the misuse of his wife by James Butler. It is claimed he knocked her down, smashed in her teeth, tore her mouth and pulled out her hair, and when a neighbor remonstrated with him he said he wanted to kill her and when a woman thought he was about to carry out his threat, she pounded him with a club until he ran away. Mrs. Butler is a daughter of Rhoda Kerwin, and was a widow with several children when she married Butler. The couple have had frequent fights and the police have been called into the case. When they resided on this side of the line, but Mrs. Butler would never consent to her husband's arrest. Now they have moved over the live Deputy Sheriff Tully will probably look into the case. It is said Butler has kept away from home since his last brutal attack on his wife.

CUT MUCH ICE THIS YEAR

Nine Thousand Tons for Janesville Consumers and 6,000 Sold to Others

Fifteen thousand tons of ice were harvested in this city this winter by the City Ice company, the work having been completed Saturday evening. Of this harvest about 9,000 tons are retained by the company to be sold to city trade. To the creamery companies in the towns of La Prairie, Harmony and Emerald Grove about 225 cords were sold while about 200 loads were sold to farmers for their own use.

The following firms in Janesville received the following number of cords: Conrad Bros., 89; Schlitz Brewing Company, 85; School for the Blind, 63; G. A. Shurtliff, 55. The harvest this year is considered one of the best that was ever cut in this city. Its thickness will average fifteen inches, with very little snow.

We have given the chemical analysis of the three greatest baking powders made in our large space several times, not to fill up space but to show the real value of Perfection over others. It is the purest powder made and we know that you will decide in favor of it after one trial. Take advantage of the reduction we make Friday and Saturday.

CHILDREN'S FOOD

Study Will Not Hurt a Healthy Child.

"Many children at school," said a student of children, "appear to be stupid when they are only badly nourished. They may have plenty to eat without a sufficient amount of nourishment. Study will not hurt a healthy child. Good, hard thinking helps the circulation of the blood."

It might be added that the lack of nourishment is owing to ill-advised selection of food. Fruit, eggs, some meat, and good entire wheat bread with butter, all furnish excellent food for children.

Never, under any circumstances, should they be allowed to have coffee. All narcotics, like cigarettes or tobacco in any form, coffee, opium products, or any of that class of drugs, will most sadly scar the whole life of a growing child. Those who seek to assist the little ones to grow up strong and healthy men and women will look carefully after their food and drink.

It is unfortunately true that some parents are careless and ignorant on this subject and the innocent children grow up weak in body and brain, easily knocked over by most any disease that comes along. Children like a warm nourishing drink for breakfast and almost universally like Postum Food Coffee, upon which they fatten and flourish famously. Parents should see that it be boiled full 15 minutes after boiling commences. It is not sufficient that it has stood on the stove 15 minutes—it must boil that length of time.

The long boiling is necessary to bring out the delicious flavor and the nutritious food elements.

WAUKESHA OFFICIALS VISIT JANESVILLE.

Say They Never Saw a Better Planned Educational Institution and Rank It At the Head—Come to Get Pointers As That City Will Build Soon.

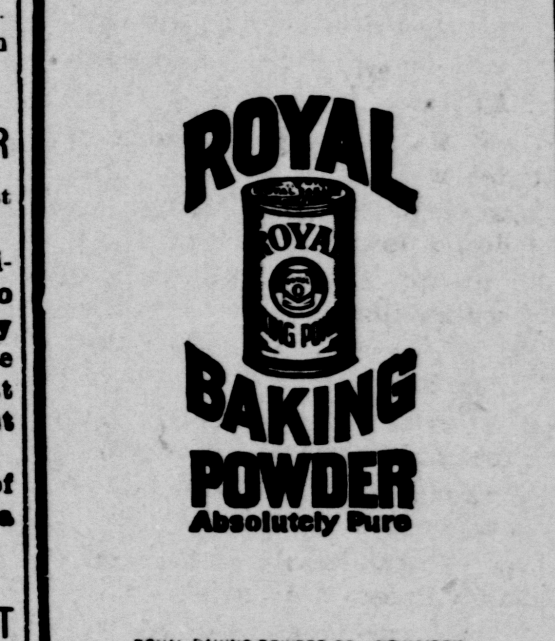

"I have been in several fine school buildings in the state of Wisconsin but I never stepped inside a more complete school building than this one," said a member of the Waukesha school board as he stepped from the Janesville High school this morning, after making a thorough inspection of the edifice. Other members of the board shared the same opinion.

City Engineer William Powrie and Dan H. Bugbee, William Carroll and Edward Foster of the Waukesha school board came to Janesville this morning. Prof. D. D. Mayne met them at the Grand hotel, and they finished their inspection at noon. In particular they were pleased with the progress that was being made in the manual training department which course of work they all seemed to favor.

"The object of our visit was to inspect the building which is considered one of the finest in the state," said Edward Foster. "We intend to build a new high school in Waukesha, and as we wished to secure all the new ideas that we could before building we thought we would inspect the Janesville high school before making our final report. I think that we have been well repaid for our trouble."

TOMORROW Miss Gray will continue the vegetable demonstration of Richelieu goods at our store. Sanborn.

THE WORLD'S NEWS OF YESTERDAY.

Washington, Feb. 8.—Senator Teller of Colorado, occupied the entire four hour of Monday's executive session in the senate in discussing the Hawaiian annexation treaty. He advocated the ratification of the treaty, basing his reasons for this position upon the grounds that the annexation of the islands was in the interest of our commerce and in line with our national policy for the last half century. If the white man of this country should not be impressed with the islands, Mr. Teller thought they would make an ideal location for the colored people of the United States who might desire to leave the present territory of this country and who would find congenial employment in the sugar plantations and coffee fields of Hawaii.

An amendment of more than ordinary importance and significance at this time, was proposed by Mr. Morgan, of Alabama, to the resolution offered a few days ago by Mr. White, of California. Mr. White's resolution declared that it was the right of the people of Hawaii to maintain their own form of government and the United States ought in no wise to interfere with it. Mr. Morgan's amendment provides distinctly for the annexation of the Hawaiian islands, declaring that the present government has a right to make such cession to this country.

CANT AGREE ABOUT PROSPERITY.

Members of the House Indulge in an Animated Debate.

Washington, Feb. 8.—The house passed the military academy bill Monday with one important amendment. The debate on the measure was desultory, and touched a variety of political topics. As passed the bill carried \$453,540, being \$26,032 less than the amount carried by the current law. The bill to limit the period for the refunding of the certificates of deposits of 1879 to Dec. 31, 1899, was passed.

Mr. Clark (rep., Iowa) spoke on the Loud bill, increasing the rates on second-class mail matter, and Mr. Green (pop., Neb.) made some observations on the much-mooted subject of returning prosperity.

Mr. Olmstead (rep., Pa.) in reply to Mr. Greene, produced clippings from newspapers in all parts of the country showing a great revival of business and trade.

Mr. Olmstead said that the continued agitation of the silver question was the only thing that retarded the full measure of prosperity that would naturally flow from the Dingley law. The threat contained in the Teller resolution had driven \$40,000,000 to investment in foreign securities.

Mr. Miers (dem., Ind.) and Mr. De Armond (dem., Mo.) both denounced the action of the house on the Teller bond resolution. The whole purpose of the republican party in the defeat of that resolution, Mr. De Armond declared, was to commit the country irretrievably to the gold standard.

Offices to Be Open.

Washington, Feb. 8.—The president's long-expected civil service order is said to be at last about to be issued. In its terms it follows the general lines laid down in the letters sent to the senate by the cabinet officers a short while ago, but differs from them in some minor respects. Altogether some 4,000 places will be excepted from the operations of the law, and matters will be decidedly interesting in consequence for a while.

To Help Currency Reform.

Washington, Feb. 8.—Copies of the preamble and resolution adopted by the Chicago board of trade on Feb. 1 have been forwarded to all the Illinois members of congress. The resolution favors in strong terms the monetary commission's plan for reform of the currency. Representative Foss will introduce the whole document in the form of a joint resolution.

Retaliation Much in Favor.

Washington, Feb. 8.—There is a decided sentiment in congress in favor of retaliation against Germany if official information should confirm the reports that have been cabled as to the recent action of the German government in excluding American fruits and horses from the German markets.

Wants Protection at Skaguay.

Washington, Feb. 8.—Senator Wilson of Washington was at the department Monday urging that action be taken by the military arm of the government to preserve order at Taiya and Skaguay and especially at the latter place, where fears are entertained that trouble will ensue with the arrival of more gold-seekers.

Secretary Alger Goes Riding.

Washington, Feb. 8.—Secretary Alger's progress toward recovery has been so pronounced during the last few days that his physician felt warranted in allowing him to take a short carriage ride Monday.

Want Better Revenue Laws.

Chicago, Feb. 8.—It was resolved by the Methodist ministers of this city today to ask the legislature for better revenue laws so that the pewholders in their churches may no longer need to pay bribes to public officers to have their assessments moderate.

FAVORS BOARD OF CONTROL.

Senator Healy's Plan for State Institutions in Iowa.

Des Moines, Feb. 8.—Senator Thomas D. Healy returned Monday from a long trip in the East to get information regarding the operation of boards of control for state institutions. He made his report to the sub-committee of the ways and means committee, in which he favored the plan and strongly urged its adoption in Iowa. He favors a board of three members to be appointed by the governor for six-year terms.

The ways and means committee of the house killed the bill taxing mortgages on real estate. The majority of the committee say they would like to do something to relieve the farmers who are paying taxes on mortgaged land, but they say no law can protect the borrower from having to pay the taxes in the end.

GET A BIG GRANT.

New York Men Are to Control Honduras Cattle Trade.

New York, Feb. 8.—One of the largest concessions ever obtained by Americans from a foreign government has fallen into the hands of a syndicate of New York capitalists, who have completed the organization of a company to control the exportation and importation of cattle and live stock of all descriptions from and to the republic of Honduras.

The concession is for twenty-five years, virtually making the republic a huge stock farm for the holders of the monopoly.

End a Dispute with Pistols.

Des Moines, Feb. 8.—A duel was fought Monday near Sexton in Kosuth county. Bad blood existed between Albert Rahm and Herman Neckar. The principals decided that there was no way to settle the matter but by bullets. Each watched for the other. Rahm, it is stated, attempted to get the drop on Neckar. Neckar was a little too quick for his assailant and shot him in the region of the heart. Rahm was dazed, but managed to return the compliment with a bullet, which lodged in Neckar's abdomen. Both are still living, but are seriously wounded.

Illinois Legislature.

Springfield, Ill., Feb. 8.—No business was done in the house Monday. Only about a score of members were present and the session lasted but a few minutes. An adjournment was taken to 10 o'clock this morning.

When Lieutenant Governor Northcott called the senate to order at 5:30 o'clock there was not a quorum present no business was attempted. Immediately after the reading of the journal an adjournment was taken until 10 o'clock this morning.

Ohio Trust Investigation.

Cleveland, O., Feb. 8.—The state senate trust-investigating committee again convened here Monday to examine into the Standard oil, coppers and several other trusts. Mr. Teagle, who was under oath, then testified that the Standard had attempted, through a middleman, to bribe the bookkeeper of his firm. The middleman, he stated, was offered \$50 a month to give constant information regarding the shipments, the prices and cost of manufacturing of Schofield, Schurmer & Teagle.

Ban on Adulterated Liquor.

Madison, Wis., Feb. 8.—Liquors of all kinds are included in the provisions of the Wisconsin statute forbidding adulterations in all food and drink products. This decision was made by Dairy and Food Commissioner H. C. Adams in the case of a Milwaukee liquor dealer who appealed to the department to prosecute a rival dealer who, it is alleged, was selling an adulterated liquor for a superior quality of goods.

Repeal the Sunday Laws.

Toledo, O., Feb. 8.—All the Sunday-closing ordinances and saloon regulations were repealed by the council Monday night as a result of an attempt on the part of the police commissioners to enforce them. The evident feeling in the board was that its action would not throw the town "wide open" any more than it would license crime and create riot.

To Refund the Mexican Debt.

New York, Feb. 8.—It was reported in Wall street Monday that negotiations were pending between the Mexican government and the J. & W. Seligman Company looking to the refunding of the Mexican gold debt. The debt amounts to \$100,000,000, bears interest at 6 per cent in gold and is redeemable July 1 next.

Killed in a Collapsed Mine.

Galena, Ill., Feb. 8.—A mining shaft collapsed at Buncombe, Wis., a village near Galena, Monday evening and two miners, Thomas Hocking and George Simons, were killed. The men were at work in a drift when, without a moment's warning, the entire mine caved in, burying them under tons of earth.

Preserved European Peace.

Paris, Feb. 8.—M. Mellé, the premier, speaking on the subject of the Franco-Russian alliance, said it was only because of the alliance that Europe had escaped a general conflagration and the European concert became possible.

British Exports and Imports.

London, Feb. 8.—The monthly Board of Trade returns show an increase of £14,800 in the imports and a decrease of £554,800 in the exports.

RECEIVERS IN CHARGE.

Pairpoint Manufacturing Company Goes to the Wall.

New Bedford, Mass., Feb. 8.—In the United States circuit court at Boston Monday on voluntary application of the company, President Charles A. Cook, Gilbert Allen and Lou M. Snow were appointed receivers of the Pairpoint Manufacturing Company. Furthermore notice was served that the company would wind up its affairs.

Coming as it does on top of the mill troubles this is a terrible blow to New Bedford. One thousand hands, nearly all skilled labor drawing large salaries, are thrown out of work, which means an incalculable loss to the already badly crippled city.

The affairs of the company are in a bad shape. The liabilities will exceed \$500,000, while the capital stock of \$825,000 will be entirely wiped out. The Pairpoint company is one of the largest manufacturers of silver-plated ware in the country.

Buying Provisions in America.

San Francisco, Cal., Feb. 8.—The officials of the Pacific Mail Steamship company say that within the last few days there has been an astonishing increase in the shipment of food supplies to the orient, consequent upon the gathering in China waters of the British, German, French and Russian warships. They also state that a few days ago a representative of the British government placed an order in Kansas City for 2,000 tons of beef to be sent to the fleet in China waters. The Russian government, they also state, has given a big order to two Chicago houses for canned goods and beef. This order for canned goods is intended as part of the supplies for the Russian troops now being sent from Odessa to the Manchurian frontier. Agents of the French and German governments have also placed orders for meat supplies both in Omaha and Chicago.

Congress to Adjourn by May.

Washington, Feb. 8.—"There does not seem to be any reason," said Speaker Reed, "why congress should not be ready to adjourn by the first of May. Only necessary appropriation bills are likely to be acted upon, and everything else will stand a poor show for consideration. From the nature of things this will be no more than right, and there is no likelihood of a radical change before the time I have indicated when congress should adjourn. This is the principle we will work upon in the house, and all indications point to a prompt dispatch of business at the senate end of the capitol."

Guardian for Adolph Sutro.

San Francisco, Feb. 8.—Adolph Sutro, ex-mayor of San Francisco and builder of the famous Sutro tunnel, has been adjudged mentally incompetent by Superior Judge Belcher. His daughter, Dr. Emma Sutro-Merritt has been appointed guardian of his person and estate, her bonds being fixed at \$100,000. Mr. Sutro is over 80 years old, and the loss of his mental faculties is attributed to the weight of years, combined with the effects of two strokes of apoplexy which he has suffered within the last few months.

General Cochrane Dead.

New York, Feb. 8.—General John Cochrane died last night at his home in this city. General Cochrane is an old-time soldier, a member of the Loyal Legion and several other military orders. July 17, 1862, while with the army of the Potomac he was made brigadier general. In 1864 he was nominated for vice president of the United States on the independent republican ticket, General John C. Fremont being the candidate for president.

Naval Movements at Key West.

Key West, Feb. 8.—There is a mysterious movement of naval vessels here. The torpedo flotilla, which left here about two weeks ago for cities on the gulf coast, has suddenly appeared again. The Cushing and the Ericsson are now here, and the Dupont will arrive today from Mobile. The Marblehead has left for the fleet. The Nashville has arrived here. She had a full supply of coal and provisions when she left.

Lady Henry Changes Her Mind.

London, Feb. 8.—Lady Henry Somerset has written a letter to Lord George Hamilton, the secretary of state for India, to the effect that the letter which she wrote him early in 1897, in connection with the repeal of the Indian cantonments act, was widely misunderstood, and she therefore desires to withdraw her indorsement of any form or principle of state regulation of vice.

Bank's License Is Revoked.

Topeka, Kan., Feb. 8.—John W. Breidenbach, state bank commissioner, has revoked the license of the Westmoreland State Bank. It is the first time in the history of the state that a solvent bank has been closed in this way. It was done under the state law of 1897, which authorizes the revocation of a license to a bank refusing to obey the commissioner's orders.

British Warships Delayed.

London, Feb. 8.—The Daily News publishes a detailed statement showing that three-fourths of the entire British naval programme has been thrown back twenty-four weeks by the engineers' strike.

STILL PLEADS FOR DELAY.

Requests the United States to Grant to Autonomy a Further and Fairer Trial—Final Crisis in Our Relations Seems to Be Approaching.

Washington, Feb. 8.—Late last night a cable message was received from Minister Woodford. It was delivered at the white house and was translated there from the secret telegraphic code into plain English.

General Woodford reported that he had been notified that the text of the answer of the Spanish government to the note addressed by him to Senor Sagasta in December, and to which reference was made in President McKinley's annual message to congress, was about completed, and he would be able to furnish this government a synopsis of it in two or three days.

While not aware of the full contents of the communication, he had been given to understand in general terms, he said, that the Spanish ministry requested the United States to give the policy of autonomy a fuller and fairer trial before taking any action in the Cuban situation. He also said that the note did not change the situation between Spain and the United States in the least.

SPAIN SEEMS TO THREATEN.

Final Crisis in Our Relations Is Rapidly Approaching.

Washington, Feb. 8.—All official Washington is imbued with the idea that another and in all probability the final crisis in the relations between Spain and the United States over the Cuban question is approaching. This view is based largely, but not wholly, upon the alarming press dispatches from Madrid in regard to the character of the communication reported to have been sent by Premier Sagasta and Minister of Foreign Affairs Gullon to General Woodford.

That the Spanish ministry should take occasion, in answering the avowments of the United States concerning the enforcement of the neutrality laws, to criticize the views of the president as expressed in his message to congress, and to reiterate that Spain intends to settle the Cuban question without the interference of this country, has caused some surprise here.

It shows a change in the conciliatory policy of the Spanish liberals, as expressed in the gratification of most of the desires of the United States in regard to ameliorating the condition of the Cubans. In some quarters it is regarded as a threat to this government not to go too far.

Col. Babcock Is Dying.

Chicago, Feb. 8.—Colonel Amos Babcock, who was influential in Illinois politics for many years, a personal friend of Abraham Lincoln and Richard Yates and other noted men of his time, is lying at the Palmer house dying of Bright's disease. Dr. E. J. Barrett, his physician, said he had but little chance for recovery.

Amos C. Babcock was born in Penn Yan, Yates county, N. Y., Jan. 20, 1828. He settled in Canton, Ill., in 1846, and opened a store. In 1854 he was elected to the state legislature, being then its youngest member, and he voted for Lyman Trumbull as United States senator. He raised and equipped the One Hundred and Third Illinois regiment for the war, and was made its colonel.

SURGICAL OPERATIONS

FOR THE CURE OF PILES AND RECTAL DISEASES NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by people in general, that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in case of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physician that nothing but a surgical operation costing between seven and eight hundred dollars, could cure her as she had suffered 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Mr. D. E. Reed of South Lyons, Mich., says: "I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure, I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned."

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drugs can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Send for book on cause and cure of piles, sent free by addressing Pyramid Drug Co., Marshall, Mich., (formerly Albion, Mich.)

MEN CALL WOMAN A MYSTERY.

So She is to Them—Not so to a Woman.

A Woman's Knowledge Saves Mrs. Ebbert From an Operation.

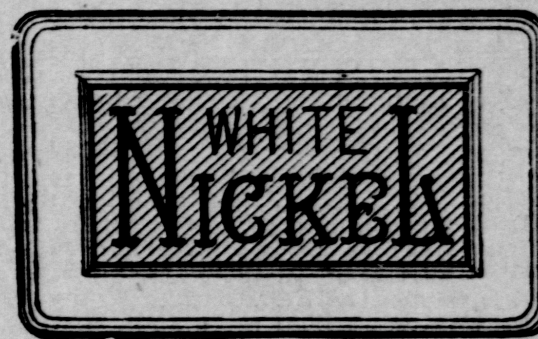

A woman understands women as a man never can hope to. For this reason Mrs. Lydia E. Pinkham, of Lynn, Mass., now known all over the English-speaking world, set to work to help her sex.

After long and patient investigation, Mrs. Pinkham confirmed her own conclusions, namely: that seven-eighths of the sufferings of women are due to disorders of the uterine system. Reasoning on this line, she saw that the only preventive of early breaking down, was a specific medicine which would act alone on the female organism.

This was why she prepared her excellent Vegetable Compound, which has been such a boon to thousands and thousands of women. If you have headaches chiefly at the top of the head, and are troubled by painful menstruation, dizziness, sleeplessness, backache, and that bearing-down feeling, Lydia E. Pinkham's Vegetable Compound will tone up your whole system. Mrs. CHAS. D. EBBERT, 330 Wood St., Reading, Pa., testifies to the great power of the Compound.

"Mrs. Pinkham—I can say that your medicine has cured me of the pains and troubles which I had. My case was a very bad one, and puzzled the doctor. My womb had fallen and I had terrible pains in my back and hips. I could hardly walk. My husband went to our family doctor, and he prescribed medicine for me, but I found no relief, and grew worse instead of better. The doctor examined me and wanted to perform an operation, but my husband would not consent. Seeing the advertisement in the paper, I got a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of the second bottle, I felt like a new woman. In all I have taken four bottles of your medicine, and can say that I am entirely cured. I hope that every woman suffering as I did, will follow my advice and take your medicine at once."

White Nickel for Woolens...

Every housekeeper knows from experience that much depends upon the SOAP used whether the WOOLENS shrink or not. There are but few SOAPS made that will not shrink woolens. WHITE NICKEL HOME MADE SOAP is one of them. A very good send-off for WHITE NICKEL from a concern that knows all about washing woolens:

J. T. WRIGHT:

Dear Sir—We have been using about 1000 lbs. per month of your Soap and take great pleasure in saying that it works entirely satisfactory. ROCK RIVER WOOLEN MILLS.

WHITE NICKEL SOAP is made of pure tallow and coconut oil, nothing else. One bar will do the work of two of other Soaps. Ask your grocer for it.

IN AND OUT OF DOORS.

Novelties For Ball Gowns and New Effects For Street Wraps.

Broche silks, fleur de velours and mirror velvets compose many fashionable ball gowns, although for dancers only sheer transparent fabrics are employed as a rule. Tulle embroidered with chenille in dots, arabesques and large flowers, tulle interwoven with beading in which the narrowest ribbon is run and tulle having a lace pattern are all new and much liked. Liberty silk, thin and clinging, is also a favorite material.

Long sashes, sometimes plain, sometimes fringed, sometimes edged with a tiny ruffling of mousseline de soie, are worn with ball gowns by young women. Jewel effects are also used as a decoration, bead embroidery in which the beads are faceted and cut like gems being a brilliant novelty.

Embroidery of all kinds is lavished upon every article of the wardrobe. For evening wraps in particular, either long or

EVENING WRAP.

short, it is the preferred decoration, appearing in silk, chenille, metal threads, beads, spangles, or in the form of applications of velvet and fur.

Lattice-work applications of bands of silk or velvet ribbon are an odd novelty seen occasionally on gowns and wraps. The lower part of the front of a new model of a long redingote is thus decorated, the ribbon being black velvet. A similar decoration is placed on the front of the bodice portion, and the revers are adorned to match.

The long, ample wrap shown in the illustration is of black satin. There is a wattleau plait in the middle of the back and a cape of black velvet, incrimped with applications of rich yellow guipure, which also forms a yoke and medallion collar. Both yoke and collar are bordered with black ostrich plumage.

JUDIC CHOLLET.

FUR AND FLOWERS.

Natural and Artificial Representatives of the Floral Kingdom.

Fur must still be chronicled, and chronicled most persistently, for it is ubiquitous, decorating indoor and outdoor gowns and forming hats and wraps, long coats and capes. The last named, less numerous than they were when large bodice sleeves made the jacket an impossibility, are yet fashionable and the chosen accompaniment of rich gowns. Chinchilla, sable, ermine and caracul are used on reception and house and carriage toilets, blue fox, golden fox and mink on jackets and walking costumes. A boa and muff were seen lately of golden fox, the boa consisting of the complete skin, with head and tail, the muff having a head, with staring eyes on the front. The effect was more striking than pleasing.

Chrysanthemums and violets are now the reigning flowers in Paris, violets for personal wear, chrysanthemums for dinner and reception decorations, mingled with carnations and white lilies.

There has lately been an exhibition of artificial flowers made by French artists—for artists they may truly be called—which has aroused the interest of all Parisians

who care for such matters at all. The leaves and blossoms, of muslin, silk, velvet, wax and composition, are so marvelously well made and with faithful reproductions of the natural growth that they might deceive the very eloc, provided the rule of "hands off" was rigidly observed. Some of the best effects are, by the bye, achieved by the use of worn-out linen and tulle.

The picture shows a walking costume of dark green velvet. The skirt, which has a slight train, is bordered around the foot by a band of blue fox, headed by an application of old guipure. The cape is pointed

back and front in shawl style and is edged with blue fox and guipure. Like the skirt, the valois collar being lined with guipure. The cravat is of white mousseline de soie. The Henri II hat of green velvet is trimmed with white plumes.

Omelet Pans.

A French cook never, it is said, washes the pan in which an omelet is made. It is wiped clean with pieces of paper, then rubbed dry with a cloth. In this way the omelets made in the pan are not so apt to burn. These artists in cooking lay great stress upon the quality and the care of their tools.

STREET COSTUMES.

Out of Door Wear For the Winter and Early Spring.

Short fur capes, leaving the waist displayed and widening the shoulders, are, with blouse jackets and coats covered with braided designs, the success of the day. The little capes can be worn without other wraps only on warm days unless very thick underwear is adopted. They are varied in both color and cut, some being pointed, some square or round, others of

CAPE.

fancy shapes and one kind of fur or two being employed for them. Sometimes fur and velvet together are used, the lining being of wadded silk of a bright or very light tint. A pretty novelty shows a velvet yoke upon which is mounted a ruffle of fur. These capes, being very becoming, will be worn late into the spring after wraps are practically superfluous. They are particularly pleasing over costumes of light cloth.

Speaking of light cloth, it should be mentioned that the most up to date walking costumes for dress rather than for rough and ready wear are preferably of clear tones—light gray, mastic, pinkish gray, military blue, red and a putty color approaching white. They are simply made and trimmed either with plain stitching, braid, galloon or fur.

Corduroy, which has the present advantage of being both fashionable and serviceable, composes some very pretty street costumes. It is warm and does not show the marks of mud or rain; therefore it is highly suitable for all round walking gowns which are to be put to considerable use. Corduroy gowns must be very simple, but well cut. Nice buttons and a pretty belt suffice for the decoration. Dark blue, golden brown, bottle green and mouse gray are the colors most in vogue. The collar is very high and is finished with a ruche.

VARIOUS NOTES.

Settling Here and There in the Domain of Fashion.

Boots of fawn, gray or beige cloth, with patent leather trimmings, are worn by little Parisian girls this winter. Cloth gaiters reaching to the knee are also liked for

them and are the most appropriate wear for delicate children who are sensitive to

cold or are subject to croup and similar affections.

Women who have a graceful figure are much inclined to sacrifice health to vanity and to wear the pretty fur pelerines now so fashionable without any other out of door garment, thus leaving the arms and waist quite as lightly protected as they are in the house. This is very dangerous and really not at all necessary since, if it is desired to omit a coat or jacket, an extra flannel vest may be worn under the dress or, better still, a close bodice of chamolais skin, which is an excellent shield against chills.

Young girls should never wear diamonds with the exception of a ring if they are affianced. Their jewels are pearls, turquoises and sapphires and not too many of those.

Letter and note paper in white or pale blue, having a moire finish, with initials or a cipher in the left corner, is a pretty novelty.

The picture shows a visiting toilet of silver gray grosgrain. The tablier is inclosed by three bands of black velvet ribbon, terminated by steel buckles. These bands also follow the foot of the skirt around the back. The close bodice has a short basque and fastens at the left side by large steel buttons. It has one rovers of black velvet covered with an application of guipure, the other side of the bodice being decorated with velvet bands and buckles. The sleeves have similar bands running lengthwise.

JUDIC CHOLLET.

ENVOY AT ST. PETERSBURG.

There is Now a Strong Possibility That China Will Borrow the Funds from Russia to Pay Her War Indemnity to Japan—British Proposals Not Liked.

Berlin, Feb. 8.—According to the Ostasiatische Correspondenz, the organ of the Chinese embassy here, a revolution of feeling has occurred at Peking regarding the loan. The tsungli-yamen, therefore, has telegraphed Shu King Cheng, former minister to Russia and Germany, to proceed from Berlin to St. Petersburg to attend to the negotiations for a loan.

It was Shu Ki Cheng who negotiated China's first loan of 100,000,000 taels, and the paper suggests that if China were only serious she could raise an internal loan, entirely dispensing with foreign aid. Furthermore, it professes to know that Japan is ready to meet China half way by accepting guarantee bonds.

British Proposals Not Liked.

London, Feb. 8.—The Peking correspondent of the Times, telegraphing yesterday, says: "I have reasons to believe that China will be induced to decline the British proposals in consequence of Russia's opposition, and, similarly, that she will be unable to accept the Russian proposals owing to Great Britain's opposition. The country is helpless and unable to pay the indemnity except by installments, but China nurses the hope that Japan will agree to an extension of time."

Officers Fear a Lynching.

North Manchester, Ind., Feb. 8.—While returning home from school Monday Nora Hare, the 10-year-old daughter of John W. Hare, a prominent farmer living five miles east of North Manchester, was attacked by a man giving the name of Leroy Sloane. Sloane was captured about two miles distant and brought to this place. He has confessed his guilt. The officers are using every precaution to prevent an outbreak. Sloane gives his age as 24 years, and says his home is near Warsaw, Ind.

Will Reply to Lindsay.

Frankfort, Ky., Feb. 8.—Senator Bronston, at the instance of the Democratic steering committee, introduced a joint resolution in the senate providing for the appointment of a committee which is to prepare an address in reply to Senator Lindsay's speech in the senate at Washington Friday, responding to the legislative request for his resignation.

To Elect a Chairman.

Indianapolis, Ind., Feb. 8.—The members of the newly elected Republican state committee are all here for the meeting to-day, at which a new chairman will be elected. There are no avowed candidates for the chairmanship, but four names are talked of, Harry S. New, E. H. Nebeker, Charles S. Hernley and Warren Bigler.

SURE CURE FOR EPILEPSY.

Just Read What Dr. Greene's Nervura Did in This Case.

Fits and St. Vitus' Dance Also Yield to Its Magic Power.

It is the Only Sure Cure for These Nervous Troubles.

Any physician will tell you that the medicine which will cure Epilepsy, Hysteria, Fits and St. Vitus' Dance and nervous attacks, is truly a wonderful remedy.

Dr. Greene's Nervura will cure them. It is, at the present day, the only recognized remedy for these nervous complaints, it is the only medicine which will surely cure them.

Parents, therefore, whose children manifest any symptoms of such impending nervous disorders, like nervousness, irritability, moodiness, irregular appetite, headaches, dizziness, disturbed sleep, restlessness, loss of memory and interest in things, face pale, feet cold, fidgeting with fingers, twitching of eyelids, face, limbs, shoulders, or jerking of head, should at once give this specific cure, Dr. Greene's Nervura. It is perfectly harmless, being made from pure vegetable remedies, wonderful in their health restoring powers.

Remember that Dr. Greene's Nervura will prevent, as well as cure, these diseases. Therefore give it at once when the first slight symptoms occur.

Mr. Herbert E. Harrington, Box 274, Adams, Mass., says:

"Our little boy Royal had fits. He would drop to the floor, sometimes forward, sometimes backward, as if he was dead, and if he was eating, his head would drop on to his plate, so we had to hold up his head all the time he was eating. If he went across the floor someone had to lead him, and the slime would run from his mouth. His stomach was so weak that his food would not digest, and every muscle of his body would twitch so it was impossible for him to do anything."

"For two years we took him to our local doctors and they could do nothing to help him, and they advised us to take him to a specialist. We did so and he told us that he had epilepsy and was incurable. He lost his speech for six weeks and continued having the fits so he would have nine or ten in a night. We saw Dr. Greene's Nervura blood and nerve remedy advertised in the paper, so got a bottle and gave it to Royal as directed, and in three days the fits left him and we have not seen any of them since. Now he goes to school and seems to be as healthy as anyone can be."

Dr. Greene, 148 State Street, Chicago, Ill., can be consulted absolutely free in regard to any case, personally or by letter.

Steel Workers Win a Victory.
Pittsburg, Pa., Feb. 8.—Monday President M. M. Garland wired from Chicago that the Amalgamated Association of Iron and Steel Workers has just won a substantial victory against Sunday labor, and for curtailment of the daily hours of employment. The disagreement between the firm and the employees at the Joliet plant of the Illinois Steel company has been settled, and the Amalgamated men have been granted an eight-hour day and the privilege of enjoying Sunday as a day of rest.

Luetgert Juror Is Sick.
Chicago, Ill., Feb. 8.—Juror Charles A. Snow is seriously ill, and it is within the range of possibility that the Luetgert trial may come to a premature end. Mr. Snow is suffering from the grip, with a temperature of 102 degrees. He listened to the third day's installment of Attorney Lawrence Harmon's speech yesterday, but was weak and finally requested Judge Gary to adjourn.

McPartland at Overweight.
Toronto, Ont., Feb. 8.—George Kerwin of Chicago disappointed his admirers last night by refusing to fight "Kid" McPartland of New York, claiming that the latter was overweight. The two men were matched by the Toronto Rowing Club for a twenty-round bout, and George Siler had been brought from Chicago to referee it. Nearly 1,500 spectators were present.

Earthquake Took Many Lives.
Constantinople, Feb. 8.—The earthquake which occurred Saturday did no damage here. The center of the disturbance is reported to have been forty kilometers beyond Eskishehr, in Anatolia. There was great loss of life and extensive destruction of property over a wide area.

Must Go Without Weapons.
Ottawa, Ont., Feb. 8.—An official announcement was made in the dominion house of commons Monday night that armed troops of the United States would not be permitted to accompany the American relief expedition to Dawson City.

Indiana Gold Democrats.
Indianapolis, Ind., Feb. 8.—S. O. Pickens, chairman of the state committee of the gold Democrats, has issued a call for a state conference of the party Feb. 22. He says the organization will be maintained and will be used to defeat the silver men.

Theater Destroyed by Fire.
Atlantic City, N. J., Feb. 8.—A fire which originated in the Academy of Music Monday morning destroyed a half block of buildings, entailing a loss of about \$65,000 before being got under control. The origin of the fire is a mystery.

WE are doing a truly remarkable business in the cloak department, selling as many garments each day as we did in the busy days of last November, when cloak business for the season was at its height.

We show more garments today than the average store displays at any time during a season, and they are all of this season's make, every one being correct.

When women see what splendid coats they can buy at half price and less, it is hard for them to resist. \$2.87 secures a choice from a lot of Ladies' and Misses' Jackets. \$5.00 takes many that are really wonderful value, and at a little higher figure you can pick out the best on the racks. February promises to be a record breaker for cloak business. Have you been in yet?
